# European Day of Jewish Culture in Pitigliano

 Other events

Events, tours and music for XXIV edition in Little Jerusalem

*...He has made everything beautiful in his time... (Kohelet 3,11)*

**The European Day of Jewish Culture returns to Pitigliano on September 10. The main theme chosen for this edition is *Beauty*.**

The word 'beauty' in Hebrew has several correspondences, and a pathway of insights and activities was proposed on each.

Examples include the magnificence of the objects of worship: from the highly detailed descriptions in Exodus of the Menorah and the Tabernacle - transported to its destination in the Land of Israel - to the objects prescribed for each feast and for the Saturday; and also the priestly garments, the wearing of white on other Jewish holidays, the Temple of Jerusalem and the synagogue architecture. Great importance is also given in Jewish tradition to
